Research Associate of Botany, Academy of Natural Sciences

Publications

- Bell, N. E., D. Quandt, T. J. O'Brien and A. E. Newton. 2007. Taxonomy and phylogeny in the earliest diverging pleurocarps: square holes and bifurcating pegs. *The Bryologist* 110:533-560.
- O'Brien, T. J. 2007. The phylogenetic distribution of pleurocarpous mosses: evidence from cpDNA sequences. Pp. 19-41 in A. Newton, E. de Luna and R. Tangney (editors), *Pleurocarpous Mosses: Systematics and Evolution*. CRC Press.
- , 2005 (electronic). 2008 (print). *Echinophyllum*. In: *Flora of North America* Editorial Committee (eds.), *The Flora of North America North of Mexico*. Vol. 28. Oxford University Press.
- , 2004. Illustrating heterochrony and heterotopy: two developmental patterns in the evolution of organismal form. Pp. 63-67 in B. F. Shmaefsky (editor), *Favorite Demonstrations for College Science*. NSTA Press, Arlington, VA.
- , 2001. Illustrating heterochrony and heterotopy. *Journal of College Science Teaching* 31:130-133.
- O'Brien, T. J. and D. Horton. 2000 (Fall). *Bryochenea* (Musci; Thuidiaceae) is *Cyrtohypnum* (Thuidiaceae), but *B. sachalinsis* is *Echinophyllum* (Thuidiaceae), a new genus from the Pacific Rim. *The Bryologist* 103:509-517.
- O'Brien, T. J. 2000. A new synonym in *Leptotheca* Schwaegr. (Musci; Rhizogoniaceae). *Tropical Bryology* 18:13-14.
- , 2000. Noteworthy Collections: California. *Campylopus introflexus* (Hedw.) Brid. (Musci). *Madroño* 46:113-114.
- , 1994. An additional locality for *Zygodon apiculatus*. *Evansia* 11:79-80.
- , 1994. A taxonomic note on *Crassicosta hermannii*. *The Bryologist* 97:174-175.
- , 1993. *Bryochenea sachalinensis* (Thuidiaceae) new to North America in southcentral Alaska. *The Bryologist* 96:205-209.
