## Kids Club February Activity Sheet

Activity #1: Visit the Academy's collections in the Special Exhibits Gallery and tell a staff member about what types of specimens you collect at home.

Activity #2: Look for the *Parasaurolophus* skull on the mezzanine floor of Dinosaur Hall. How might the dinosaur have used the long crest on its head?

Talk to the friendly staff in the Special Exhibits Gallery and get your February Kids Club stamp. Collect **eight** stamps for an awesome prize!

THE ACADEMY
OF NATURAL SCIENCES
of DREXEL UNIVERSITY

Regular Hours: 10 a.m.-4:30 p.m. Monday-Friday, 10 a.m.-5 p.m. Weekends and Holidays ansp.org

## Paleopalooza

## February 16 and 17, 10 a.m.-5 p.m.

Join us for a two-day festival of gigantic proportions featuring rarely seen specimens from the Academy's world-famous collection. Go on a fossil hunt, talk to our scientists, and make your own dino discoveries through games and hands-on activities!

Join us for a sing-along with the team from Field Station Dinosaur, and watch as Chad Peeling from Clyde Peeling's Reptiland puts on a high-energy live animal show!

Check ansp.org/paleopalooza for activity schedules.

## Eddie's Coloring Corner

Come back next month to see what's new at the Academy!

I'm a *Guanlong* dinosaur, pronounced gwan-long. My name means "crowned dragon" because of a very distinct feature of my body. On my picture, parts of my body are labeled. Can you figure out which part relates to the meaning of my name?
