

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

OBJECT ID	COLLECTION	TITLE	COLLECTOR	DATE	SITE
PH-LC 1	The Lewis & Clark Herbarium	<i>Acer circinatum</i>	Meriwether Lewis & William Clark	1805	Skamania Co., WA or Hood River Co., OR
PH-LC 3	The Lewis & Clark Herbarium	<i>Acer macrophyllum</i>	Meriwether Lewis & William Clark	1806	Skamania Co., WA or Hood River Co., OR
PH-LC 5	The Lewis & Clark Herbarium	<i>Achillea millefolium</i> var. <i>lanulosa</i>	Meriwether Lewis & William Clark	1806	Camp Chopunnish, Kamiah, Idaho Co., ID
PH-LC 7	The Lewis & Clark Herbarium	<i>Allium geyeri</i>	Meriwether Lewis & William Clark	1806	Walla Walla Co., WA
PH-LC 8	The Lewis & Clark Herbarium	<i>Alnus rubra</i>	Meriwether Lewis & William Clark	1806	Cowlitz Co., WA or Columbia Co., OR
PH-LC 9	The Lewis & Clark Herbarium	<i>Amelanchier alnifolia</i> var. <i>semiintegrifolia</i>	Meriwether Lewis & William Clark	1806	Klickitat Co., WA or Wasco Co., OR
PH-LC 10	The Lewis & Clark Herbarium	<i>Amelanchier</i> sp.	Meriwether Lewis & William Clark	1806	Nez Perce Co., Idaho Co., and Clearwater
PH-LC 11	The Lewis & Clark Herbarium	<i>Amorpha fruticosa</i>	Meriwether Lewis & William Clark	1806	Big Bend of Missouri River, Lyman Co., SD
PH-LC 12	The Lewis & Clark Herbarium	<i>Ampelopsis cordata</i>	Meriwether Lewis & William Clark	1806	Council Bluff, NE or Leavenworth Co., KS
PH-LC 13	The Lewis & Clark Herbarium	<i>Amsinckia menziesii</i>	Meriwether Lewis & William Clark	1806	Rock Fort Camp, The Dalles, Wasco Co., OR
PH-LC 14	The Lewis & Clark Herbarium	<i>Anemone canadensis</i>	Meriwether Lewis & William Clark	1804	Tonwontonga, Dakota Co., NE
PH-LC 15	The Lewis & Clark Herbarium	<i>Anemone piperi</i>	Meriwether Lewis & William Clark	1806	Lolo Trail, Clearwater or Idaho Co., ID
PH-LC 16	The Lewis & Clark Herbarium	<i>Angelica</i> sp.	Meriwether Lewis & William Clark	1805-06	Lost Trail Pass, MT and Lolo Trail, ID
PH-LC 17	The Lewis & Clark Herbarium	<i>Arbutus menziesii</i>	Meriwether Lewis & William Clark	1805	Skamania Co., WA or Hood River Co., OR
PH-LC 18	The Lewis & Clark Herbarium	<i>Arctostaphylos uva-ursi</i>	Meriwether Lewis & William Clark	1804-05	Fort Mandan, McLean Co., ND
PH-LC 177	The Lewis & Clark Herbarium	<i>Argentina anserina</i> var. <i>grandis</i>	Meriwether Lewis & William Clark	1806	Fort Clatsop, Clatsop Co., OR
PH-LC 19	The Lewis & Clark Herbarium	<i>Artemisia cana</i>	Meriwether Lewis & William Clark	1804	Cheyenne River, SD
PH-LC 20	The Lewis & Clark Herbarium	<i>Artemisia cana</i>	Meriwether Lewis & William Clark	1804	Cheyenne River, SD
PH-LC 21	The Lewis & Clark Herbarium	<i>Artemisia cana</i>	Meriwether Lewis & William Clark	1804	Cheyenne River, SD

DESCRIPTION
Morus alba "Cotton tree / Banks of the Roanoke"
Boehmeria lateriflora
Boehmeria cylindrica "shady woods"
Humulus lupulus "Hedges"
Luportea canadensis
Luportea canadensis
Luportea canadensis "Shady, rocky & rich soil / Cedar Creek under the Natural Bridge"
Luportea canadensis "Shady woods"
Urtica dioica ssp. gracilis
Urtica dioica ssp. gracilis
Urtica dioica ssp. gracilis
Urtica dioica ssp. dioica
Parietaria pensylvanica?
Pyrularia pubera "rich bottom land on the banks of Green Briar, on the mouth of Sinking Creek - likewise on Pottswick, near the Sweet Springs"
Comandra umbellata
Comandra umbellata "Dry fields, frequent"
Comandra umbellata "South River of Shenandoah"
Asarum virginianum

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Asarum canadensis "Cott's foot or wild ginger / very common in the beach country between Susquehanna & Delaware"
Asarum arifolium
Asarum canadensis "Wild ginger / common in the mountains"
Asarum virginicum "Swamps"
Asarum virginianum
Polygonum aviculare
Polygonum amphibium
Polygonum articulatum
Polygonum lapathifolium
Polygonum pennsylvanicum
Polygonum pesicarioides
Polygonum sp. (multiple)
Polygonum setaceum
Polygonum setaceum
Polygonum setaceum
Polygonum punctatum "Wet places / common, even on the highest mountains"
Polygonum sp.
Polygonum tenue
Polygonum tenue "Dry, sunny hills"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Polygonum virginianum "Woods"
Rumex verticillatus "Onondaga Salt Marshes"
Rumex obtusifolius "In wet plains and runs. frequent"
Chenopodium urbicum
Chenopodium botrys "on the road to Mr Geddes's, Onondaga"
Chenopodium anthelminticum
Chenopodium hybridum
Blitum capitatum "Onondaga on the road to Mr. Geddes's"
Salicornia perennans
Amaranthus hybridus
Claytonia virginica
Talinum teretifolium "Sunny rocks, Bald Knob, near Rocky Mount"
Anychia canadensis
Anychia dichotoma
Anychia dichotoma "North mountains near Mc Connellsburg. Jul 10"
Anychia polygoniodes "Summit of Salt Pond Mountain"
Paronychia argyrocoma "sunny rocks"
Arenaria serpyllifolia
Arenaria squarrosa

DESCRIPTION
<i>Arenaria serpyllifolia</i>
<i>Arenaria</i> sp.? "I coll. this either at the P. Amboy or near Long Branch"
<i>Cerastium arvense</i> "Blain's Cave"
<i>Cerastium nutans</i>
<i>Cerastium nutans</i>
<i>Cerastium nutans</i> "Shady rocks, below Harper's Ferry & the Antietam"
<i>Cerastium</i> sp.
<i>Cerastium vulgatum</i> "On the rocks of a shady cascade of a small run 2 miles below Harper's Ferry"
<i>Cerastium vulgatum</i> "Dry hills & rocks, Natural Bridge"
<i>Cucubalus stellatus</i> "Great Seneka"
<i>Silene stellata</i>
<i>Saponaria officinalis</i> "grows in the mountains in rich soil through out all Virginia"
<i>Saponaria officinalis</i>
<i>Saponaria vaccaria</i> "Flax cheat, Middle River of Shenandoah"
<i>Silene antirrhina</i> "Wet meadows / Below Harper's Ferry"
<i>Silene antirrhina</i>
<i>Silene noctiflora</i>
<i>Silene</i> sp. "Connedogwinnit"
<i>Silene pensylvanica</i>

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Silene pensylvanica</i> "On hills above roaring Creek"
<i>Stellaria borealis</i>
<i>Silene antirrhina</i> "Frequent on Rocks / Blains Cave, Connedogwinnit"
<i>Stellaria nemorum</i>
<i>Stellaria</i> sp.
<i>Stellaria pubera</i> "Shady woods, near Harper's Ferry"
<i>Stellaria pubera</i> "Rocky, shady places, near Harper's Ferry"
<i>Stellaria semidecandra</i>
<i>Nymphozanthus advena</i> "Ponds / Near Mr. Barton's & near Lexington"
<i>Nymphaea lutea</i>
<i>Aconitum uncinatum</i> "In wet, shady plains on the foot of the peaks of Otter; & on old logs laying in a run in the Cove - mountain near Mr. Lewis's / this sort climes [sic] sometimes to the hight [sic] of 5 Or 6 feet, may be ____?"
<i>Aconitum uncinatum</i> "New River"
<i>Actaea americana</i> Includes specimens collected by Barton and Pursh on different dates and in different locations "Falls of Niagara / with red berries / August 1797" (BSB) "Red Cohosh / Onondaga, july 20th 1807" (FP)
<i>Anemone pensylvanica</i> "109. Petals 5 in all I have seen / Banks of the River at Wyalusing (?)"
<i>Anemone pensylvanica</i>
<i>Anemone quinquefolia</i>

DESCRIPTION
Anemone quinquefolia
Anemone virginiana
Anemone virginiana "Rich woods"
Anemone virginiana
Anemone virginiana
Caltha palustris
Caltha palustris
Clematis viorna
Clematis sericea
Clematis viorna "South R. near Waynesboro"
Clematis viorna "Bartram's?"
Clematis virginiana "Muddy Creek mountain"
Clematis virginiana "On the ascend of Keeny's Knob above the precipice called the Claypinch"
Clematis virginiana "Hedges / Common / Even on high mountains"
Consolida ambigua "Near Staunton & on dry hills near the North mountain native!!!"
Delphinium exaltatum "stony places, among meadows / near Staunton"
Delphinium exaltatum "near Staunton"
Delphinium tricornes "Shady rich soil / near Harper's Ferry"
Trautvetteria carolinensis "In company with Heuchera villosa (?) on a spring near the Summit of Salt Pond Mountain"

DESCRIPTION
Trautvetteria carolinensis "Shady mountain torrents & spongy meadows / Peaks of Otter & Salt Pond Mountain"
Thalictrum pubescens "5 or 6 feet high" Thalictrum revolutum "On the rich hills of the banks of the Potomack"
Thalictrum pubescens
Thalictrum dioicum & Thalictrum pubescens
Thalictrum pubescens "South River near Staunton"
Thalictrum polygamum "Onondaga / Mr. Geddis's Saw mill"
Helleborus viridis
Coptis trifolia
Ranunculus sp.
Ranunculus recurvatus "Shady wet soil"
Ranunculus recurvatus
Ranunculus hispidus "Common / Hagerstown"
Ranunculus fascicularis "On the top of Blains Cave, near Carlisle / in dry sunny situations"
Ranunculus aquatilis
Ranunculus sp.
Ranunculus abortivus "Shady wet places / Peaked Mountains"
Ranunculus aquatilis location illegible
Ranunculus abortivus

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Ranunculus cymbalaria "Onondaga Salt Springs"
Ranunculus septentrionalis "Near Mr. Carlises mill on the Opequon"
Ranunculus scleratus "wet meadows & runs"
Ranunculus recurvatus "wet shady woods / near the Natural Bridge"
Ranunculus pensylvanicus "On the banks of the pond near the bath house of the Sweet Springs"
Ranunculus aquatilis
Ranunculus hispidus
Unknown specimen (illegible)
Jeffersonia diphylla "Calcareous hills, rich soil / plenty abound the Sweet Springs & Greenbriar"
Berberis canadensis "Stony sides of hills in the mountains / Greenbriar & Sweet Springs"
Caulophyllum sp.
Caulophyllum sp.
Cocculus carolinus "Swamps / Roanoke & South Hampton"
Menispermum canadensis "Stony fields"
Menispermum canadensis
Magnolia acuminata "From behind the Rattlesnake den near the Sweet Springs"
Magnolia glaucoides
Calycanthus fertilis
Porcelia parviflora

DESCRIPTION
Lindera subcoriacea "Swamps / Southampton"
Benzoin aestivale "Shrubbery near creeks and river; common"
Benzoin aestivale "Banks of New River"
Litsea geniculata "Swamps / Roanoke Islands in S. Hampton"
Nectandra coriacea
Persea borbonia From a "small packet marked in Barton's hand 'plants coll. by Mr. Nuttall, Delaware.' Tatnall in Barton 20:5 (1940).
Persea sp. "Dismal Swamps / large traces of it"
Corydalis formosa (TYPE) "Peaks of Otter"
Corydalis flavula "On the banks of the Conodoguinet in moist shady places."
Dicentra cucullaria "Skuilkill"
Adlumia fungosa "Collected in northern Pennsylvania or central New York, before 1807."
Corydalis sempervirens
Corydalis sempervirens "Falls of Passaic"
Arabis canadensis
Arabis laevigata "Connegocheague"
Arabis laevigata
Arabis lyrata "Rocks; frequeunt / Antietam"
Arabis lyrata
Arabis patens "Connegocheague"

DESCRIPTION
Arabis lyrata "On the roads coming from Reading, with Pteris atropurpurea."
Cardamine bulbosa "River banks / Potomack"
Cardamine bulbosa "Wet meadows / Antietam"
Cardamine pensylvanica "Wet places / Potomack"
Cardamine pensylvanica "Mountain Run, in ascending the Salt Pond mountain"
Cardamine pensylvanica "Connegocheague"
Cardamine pensylvanica
Cardamine pensylvanica "moist meadows / near Harper's Ferry"
Cardamine rotundifolia "In mountain runs / Sweet Springs & Greenbriar"
Cardamine laciniata "Frequent in rich woods / Connedoguinnit"
Draba ramosissima "Rocks / Potomack & Shenandoah"
Erysimum officinale
Erysimum cheiranthoides "Mr. Richardson's meadows near Paul's Ford"
Sophia pinnata Sisymbrium officinale "Waste places. Common / Potomack"
Sisymbrium thalianum
Sophia pinnata "Wet meadows / Banks of Potomack"
Rorippa islandica ssp. glabra var. fernaldiana "Wet places / Opequan"
Rorippa islandica ssp. glabra var. fernaldiana "Near ponds & runs / Cove near Mr. Lewis's"
Brassica napus

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Sarracenia minor "collected in southeastern states between 1800 and 1807"
Sarracenia minor "It is Bartram's one with helmet. / a purple flower"
Sarracenia flava
Sarracenia purpurea
Drosera brevifolia
Drosera intermedia
Podostemum ceratophyllum "On rocks and loose stones closely attached to it with clasps in the manner of Hedera; New River & Roanoke"
Penthorum sedoides "Along rivulets & springs / frequent . Near the Summit of the Peaks of Otter."
Sedum glaucophyllum "Shady rocks / Shenandoah & Salt pond mountain"
Chrysosplenium oppositifolium "Springs & runs on the rocks; frequent"
Chrysosplenium americanum
Heuchera americana "High mountains between Fincastle & the Sweet Springs, & some other similar places"
Heuchera pubescens "Rocks / Capon Springs"
Heuchera americana "Rocky situation / Capon Springs"
Heuchera pubescens "On the summit of Salt pond mountain under the naked Knob near a Spring; this spring is the highest I have seen."
Heuchera spp. "Natural Bridge / frequent through the mountains."
Heuchera pubescens
Hydrangea radiata "Woods"

DESCRIPTION
Hydrangea arborea "From the peaks of the Otter"
Itea virginica
Itea virginica
Unidentified specimen "Out of a limestone rock near the town of Lebanon - grows in cool places."
Mitella diphylla
Mitella reniformis
Parnassia asarifolia "On springs & mountain runs in spagnous soil / Salt pond mountain & the top of the Alleghany near Christiansburg."
Parnassia caroliniana "On a run on the road from Christiansburg to Franklins __?"
Philadelphus sp.
Ribes glandulosum "Wild currants / young fruit hairy"
Ribes americanum "Woods"
Ribes lacustre "Collected by Mr. John Adlum, in the Beech Country. He calls it the "Red Currant" of this country."
Ribes cynosbati "Side of Step mountains / open woods"
Ribes cynosbati "Woods"
Ribes rotundifolium "Black Rocks, near Hagerstown"
Ribes rotundifolium "Parnel's Knob"
Ribes cynosbati "Woods"
Unidentified specimen "Peaks of Otter. From Mr. Steptoe"

DESCRIPTION
Saxifraga leucanthemifolia "Peaks of Otter"
Saxifraga micranthidifolia "Out of a run near the road from the Sweet Springs to ____? 5 miles from the former."
Saxifraga pensylvanica "near Hughes Furnace"
Fothergilla alnifolia "Woods"
Hamamelis virginica "Mead's Falls, near Rutland"
Hamamelis virginica "Common in woods"
Agrimonia gryposepala "Common"
Agrimonia parviflora
Agrimonia parviflora "South R. of Shenandoah"
Agrimonia sauveolens "Rich natural meadows / Cove mountain & Salt pond mountain"
Agrimonia sauveolens
Amelanchier rotundifolia "Glenn's Falls on the Mohock"
Crataegus apiifolia "Banks of Roanoke"
Crataegus coccinea
Crataegus crus-galli
Crataegus crus-galli
Crataegus crus-galli
Crataegus crus-galli "Common"
Crataegus crus-galli

DESCRIPTION
Crataegus crus-galli "Woods & edges of woods & along river banks. Common"
Crataegus crus-galli "Lake Ontario"
Crataegus crus-galli "Woods"
Crataegus flava "Woods"
Crataegus glandulosa "Antietam near Hughes Forge"
Crataegus cordata
Crataegus marshallii "Southampton & Northampton on the Roanoke"
Crataegus pyrifolia
Crataegus pyrifolia
Crataegus punctata "Seneca River"
Crataegus straminea "Big Spring"
Crataegus punctata "On the road to Fincastle"
Crataegus pyrifolia
Crataegus straminea "Open woods; frequent / Cove mountain"
Crataegus uniflora "Along banks of the Rivers & mountains; frequent / From Potomack to South Hampton"
Crataegus sp.
Filipendula rubra
Filipendula rubra "wet meadows"
Geum spp.

APS Collections on Deposit at ANSP

DESCRIPTION
Oxalis sp.
Geranium robertianum "Loyalsock Hillsides & on the Flats"
Zanthoxylum fraxineum "On the banks of the Connegocheague."
Zanthoxylum ramiflorum
Polygala paucifolia "Shady wet places / In ascending Parnels Knob"
Polygala paucifolia
Polygala sp.
Polygala incarnata
Polygala lutea
Polygala lutea "Wet meadows"
Polygala mariana
Polygala ramosa
Polygala sanguinea
Polygala sanguinea "Walkers meadows"
Polygala sp.
Polygala verticillata
Polygala verticillata "My journey in 1805. June or July."
Polygala viridescens
Croton capitatum

DESCRIPTION
Croton monanthogynus
Euphorbia obtusata (TYPE) "Somewhat like E. palustris. From 3 to 4 feet high. Near Staunton."
Euphorbia sp. "Pauls fort"
Euphorbia corollata "Barren dry fields / common"
Euphorbia sp. "Common about S. Hampton"
Euphorbia helioscopia
Euphorbia helioscopia "River banks - frequent. New River"
Euphorbia hypericifolia "Near mount Parnel Jul. 12 got by Augustus Shyrock on a visit to Mr. Wasks [?]"
Euphorbia helioscopia "Connedogwinnit"
Euphorbia platyphylla
Euphorbia pilosa "Wet woods near Hagerstown & Hughes Furnace. From 2 to 3 feet high with yellow flowers."
Phyllanthus caroliniensis "Woods"
Sapium sebiferum "Woods"
Stillingia sylvatica
Stillingia sylvatica "Wet woods near Dr. Grays, S. Hampton"
Stillingia sylvatica
Callitriche linearis
Callitriche terrestris
Rhus aromaticum "maybe the same, which I took to be a laurus at Blains cave"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Rhus aromaticum</i>
<i>Rhus aromatica</i> "Glens Falls on the Mohack"
<i>Rhus canadensis</i> "Connedogwinnit Cave. in the fissures of the rocks; only one bush."
<i>Rhus aromaticum</i> illegible writing
<i>Rhus copallinum</i> "Slate hills, Opequon"
<i>Rhus toxicodendron</i>
<i>Cyrilla racemiflora</i>
<i>Euonymus atropurpureus</i> "Hedges, frequent"
<i>Nemopanthes canadensis</i> "Green Mountains" and "Mead's Falls, Rutland"
<i>Ilex coriacea</i> (TYPE)
<i>Ilex amelanchier</i> (TYPE?) "Bartram's Garden / Meherrin River " Bartram discovered species on Meherrin River, brought seeds back to garden (explained in note attached to specimen sheet)
<i>Ilex glabra</i>
<i>Prinos glabra</i> "Common in S.Hampton & Nansemond"
<i>Ilex</i> sp.
<i>Ilex</i> sp. (verticillata?)
<i>Ilex glabra</i> "Top of the naked knob on the summit of Salt Pond mountain"
<i>Ilex laevigata</i>
<i>Ilex decidua</i> "Roanoke Banks"

DESCRIPTION
Ilex verticillata "On mountain runs, Jennin's Gap"
Ilex verticillata "Paulfort Creek"
Ilex laevigata "In my ride to the Middle Mountains, August, 1802"
Staphylea trifoliata "Antietam; seen in seed on Chestnut tree [?], Pittsylvania."

Acer barbatum "Banister"
Acer pensylvanicum Description in illegible German writing
Acer glaucum Description in illegible German writing
Acer barbatum Description in illegible German writing
Acer negundo "Islands of Roanoke"
Acer rubrum "Brunswick"
Acer rubrum
Aesculus pavia "Natches"
Ceanothus microphyllus "S. Carol"
Ceanothus americanus "Common in woods"
Rhamnus franguloides "Antietam near Mr. Hughes forge."
Berchemia scandens "Common"
Vitis sp. "Winter grape"
Vitis sp.

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Vitis sp.
Vitis sp.
Vitis aestivalis (TYPE) "Rich woodlands / Capon Springs / This grape does not alter the shape of the leaf by cultivation as I observed for several years."
Vitis riparia
Vitis riparia "Land grape / Banks of river - frequent / Potomak"
Tilia americana "everywhere along the banks of the rivers. Antietam"
Tilia sp. "Connegocheague"
Tilia sp. "Spoon wood / Middle River of Shenandoah"
Tilia americana "Spoon wood"
Callirhoe triangulata
Hibiscus sp. "James R., Alleghaney / Holly Hocks"
Hibiscus moscheutos "Onondaga Salt Springs"
Malva rotundifolia
Sida carpinifolia
Sida spinosa "Called Bohea Thea by the people and is used as ? / frequent about houses"
Gordonia lasianthus
Stewartia pentagyna
Stewartia ovata
Stewartia marylandia

DESCRIPTION
<i>Helianthemum rosmarinifolium</i>
<i>Aseyrum stans</i>
<i>Aseyrum hypericoides</i> "Frequent in woods"
<i>Aseyrum hypericoides</i> var. <i>hypericoides</i>
<i>Aseyrum hypericoides</i> var. <i>multicaule</i> "Dry pastures & woods / Franklins &c. (?) to S. Hampton"
<i>Aseyrum hypericoides</i> var. <i>multicaule</i> "South River near Staunton"
<i>Aseyrum multicaule</i>
<i>Aseyrum stans</i> "Wet woods / Roanoke & S. Hampton"
<i>Aseyrum stans</i>
<i>Hypericum canadense</i>
<i>Hypericum densiflorum</i> (TYPE) "Fresh heather / wet places in among the thick herbage of the natural meadows / Cove mountain"
<i>Hypericum kalmianum</i> "Falls of Niagara / 7th August / on rocks in a wet place. Both..."
<i>Hypericum maculatum</i> "Common in mountains / Sweet Springs"
<i>Hypericum mutilum</i> "Moist places / common"
<i>Hypericum parviflorum</i>
<i>Hypericum parviflorum</i> "vicinity of Germantown"
<i>Hypericum parviflorum</i>
<i>Hypericum perforatum</i> "On the mountain between Roxbury & Conrad, 20 miles from Chambersburg / Jul. 4"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Hypericum prolificum
Hypericum prolificum "Between Lewistown (?) & Mifflin, Mifflin Co. / Jul. 7"
Hypericum prolificum "Natural meadows and along the banks of mountain runs"
Hypericum procumbens
Hypericum punctatum
Hypericum pyramidatum "In Tyoga the latter end of July"
Hypericum reductum
Hypericum reductum
Hypericum setosum "August"
Hypericum spp. "Very wet places & on the logs laying in the swamps & ponds" (Pursh) "Very wet ground & swamps & ponds on logs" (Gray)
Triadenum virginicum
Triadenum virginicum "Swamps"
Turnera cistoides (TYPE)
Helianthemum canadense
Cistus canadensis
Helianthemum ramuliflorum "Dry barren fields / Savannahs between Sweet Springs & Greenbriar"
Hudsonia tomentosa
Hudsonia tomentosa
Lechea sp. "Pauls Fort"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Lechea major
Lechea major
Lechea racemulosa "Barren fields"
Lechea thymifolia
Lechea thymifolia "Barren fields, on the Savannahs between Sweet Springs & Greenbriar"
Hybanthus concolor "Rocky shore of Antietam"
Hybanthus concolor
Viola bicolor (TYPE) "Similar to the one from Carlisle Cave / wet ground"
Viola canadensis
Viola canadensis "Wet shady places"
Viola canadensis "Connodogwinnet"
Viola populifolia "Moist soil near Springs / at the point of Shenandoah"
Viola cucullata
Viola cucullata
Viola debilis
Viola palmata
Viola lanceolata "In a swamp near Dr. Grays, S. Hampton"
Viola palmata "Woods, common"
Viola palmata

DESCRIPTION
<i>Viola pedata</i>
<i>Viola</i> sp. "Very wet & spongy places"
<i>Viola pubescens</i>
<i>Viola primulifolia</i>
<i>Viola pubescens</i>
<i>Viola rafinesquii</i> Writing, most in Latin, illegible
<i>Viola sagittata</i> "Arrow-leaved violet / Collected in a piece of wet ground near Mr. John Bartram's."
<i>Viola arenaria</i>
<i>Viola striata</i> "Small white flowers"
<i>Viola</i> sp. "Spreading by the roots & affording excellent pasture for Cattle from harvest till frost, on burnt ground leave channeled and a little hairy; beginning to blossom about May 1. Common, woods."
<i>Passiflora lutea</i>
<i>Dirca palustris</i> "Woods"
<i>Dirca palustris</i>
<i>Hippophae canadensis</i>
<i>Cuphea viscosissima</i> "Barren situations, road sides & along some runs frequent"
<i>Lythrum verticillatum</i> "at the Hot Springs"
<i>Nyssa</i> sp. "New River"
<i>Nyssa</i> sp. "Jennins gap"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Nyssa sp.
Nyssa sp.
Nyssa biflora "Swamps / Muhlenburg & S. Hampton"
Nyssa multiflora "Common in woods"
Nyssa multiflora
Nyssa villosa "Common"
Rhexia mariana
Rhexia virginica
Rhexia mariana
Rhexia petiolata "Wet woods"
Rhexia mariana "Edges of Swamps near Blackwater on the road to Jerusalem"
Circaea lutetiana ssp. canadensis
Circaea lutetiana ssp. canadensis "Common in shady woods / Peaks of Otter"
Gaura biennis "Fields and Edges of woods; frequent:
Oenothera fruticosa ssp. fruticosa "Shenadoah plains"
Oenothera biennis
Oenothera biennis
Oenothera fruticosa "Barren woods"
Oenothera fruticosa

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Oenothera fruticosa</i> ssp. <i>glauca</i>
<i>Oenothera fruticosa</i> ssp. <i>fruticosa</i> "I collected this specimen between Lacy's Lane & Ashby's ?, June 24, 1805. Mr. Lyon tells me he has seen & collected the very same specimen in the Greek country."
<i>Oenothera fruticosa</i> ssp. <i>fruticosa</i> "Falls of the Passaick"
<i>Oenothera fruticosa</i> ssp. <i>fruticosa</i>
<i>Oenothera fruticosa</i> ssp. <i>fruticosa</i> "Natural meadows / On the road to Greenbriar near the river"
<i>Oenothera fruticosa</i> ssp. <i>glauca</i>
<i>Oenothera fruticosa</i> ssp. <i>glauca</i> "On the Slate sand near Chambersburg / Jun. 13"
<i>Oenothera fruticosa</i> ssp. <i>glauca</i> "Pauls fort"
<i>Oenothera fruticosa</i> ssp. <i>glauca</i> "Rich open mountain land, thck cloathed (?) with herbage, near the top of the Peaks of Otter"
<i>Oenothera laciniata</i>
<i>Oenothera laciniata</i> "In Jersey, on Powell's plantation, in a very dry field, a ?. In flower? about June 12."
<i>Oenothera parviflora</i>
<i>Oenothera parviflora</i> "meadows & fields"
<i>Oenothera fruticosa</i> ssp. <i>glauca</i> "Peaks of Otter"
<i>Epilobium angustifolium</i> "Near Onondaga Salt Springs"
<i>Epilobium coloratum</i> "Near runs & creeks / Franklin Co."
<i>Epilobium ciliatum</i> "Opposite Catskill"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Epilobium coloratum</i> "Mr. Edward's Place at 21 August in full flower."
<i>Myriophyllum exalbescens</i>
<i>Myriophyllum exalbescens</i> "In Spring Creek, near Palmstown, Pennsylvania"
<i>Myriophyllum exalbescens</i> "In stagnant water / near Buffalo Creek near the Natural Bridge"
<i>Proserpinaca pectinata</i>
<i>Proserpinaca palustris</i>
<i>Proserpinaca palustris</i>
<i>Aralia hispida</i>
<i>Aralia nudicaulis</i>
<i>Aralia racemosa</i> "Rocky rich situations"
<i>Panax</i> sp.
<i>Panax</i> sp. "Rich shady soil; frequent / Peaks of Otter"
<i>Ammi capillaceum</i>
<i>Conium maculatum</i> "Along fences on the road to the Owasco Lake"
<i>Conium maculatum</i>
<i>Eryngium</i> sp.
<i>Heracleum lanatum</i> "Tyoga point"
<i>Heracleum lanatum</i> "Woods"
<i>Hydrocotyle americana</i> "Jennins gap"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Hydrocotyle americana</i>
<i>Osmorhiza claytoni</i> "Shady rocks"
<i>Osmorhiza longistylis</i> "Rich woodland / frequent"
<i>Osmorhiza longistylis</i> "Rich shady hills; frequent"
<i>Sanicula marilandica</i> "Burr snakroot / Rich shady places; frequent"
<i>Sanicula trifoliata</i>
<i>Smyrniolum integrum</i> "North mountain"
<i>Taenidia integerrima</i> "Parnels Knob"
<i>Smyrniolum cordatum</i>
<i>Thaspium barbinode</i> "Connegocheague"
<i>Zizia cordata</i> "Parnels Knob"
<i>Cornus</i> sp.
<i>Cornus</i> sp. "Between Schenectady & where we lodged"
<i>Cornus</i> sp. "Falls of Passaic / July, 1806"
<i>Cornus alternifolia</i>
<i>Cornus alternifolia</i>
<i>Cornus aspera</i> "Opposite Catskill"
<i>Cornus asperifolia</i> "mountains"
<i>Cornus canadensis</i> "in the fine? ____ on Lehigh, about XX miles from Bethlehem"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Cornus canadensis "Leaves green this winter till new ones ____, - Borders of swamps or May-June - Spreading by the roots."
Cornus canadensis "I collected this plant in the month of June 1791, near the Falls of Paseak, in the State of New Jersey. It grew among the rocks, in a shaded situation."
Cornus canadensis "Apparently from Rutland, VT"
Cornus canadensis "Alleghany River"
Cornus sp.
Cornus sp.

Cornus fastigiata
Cornus florida Illegible writing in German
Clethra alnifolia
Clethra alnifolia
Clethra alnifolia
Clethra alnifolia
Clethra sp.
Chimaphila maculata "Woods; frequent / Sweet Spring, nare hereabout"
Chimaphila maculata
Chimaphila maculata "Near Greenville, 7 miles from Chambersburg. July 3"
Pyrola rotundifolia "Near the City"

DESCRIPTION
<i>Pyrola rotundifolia</i>
<i>Pyrola americana</i>
<i>Pyrola rotundifolia</i> "Dry woods"
<i>Chimaphila corymbosa</i> "Opposite Catskill"
<i>Chimaphila corymbosa</i>
<i>Orthilia secunda</i>
<i>Orthilia secunda</i>
<i>Orthilia secunda</i>
<i>Monotropa lanuginosa</i>
<i>Monotropa lanuginosa</i>
<i>Monotropa morisoniana</i>
<i>Dodecatheon integrifolium</i> "Banks of Antietam"
<i>Lysimachia quadrifolia</i> "Staunton / down (?) meadows"
<i>Lysimachia ciliata</i> "wet meadows. frequent"
<i>Lysimachia ciliata</i>
<i>Lysimachia ciliata</i>
<i>Lysimachia ciliata</i>
<i>Lysimachia quadrifolia</i> "meadows & woods / frequent"
<i>Lysimachia quadriflora</i> "Wet meadows, among deep drass."

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Lysimachia angustifolia</i> "Woods"
<i>Lysimachia hirsuta</i>
<i>Lysimachia hirsuta</i>
<i>Lysimachia hybrida</i>
<i>Lysimachia racemosa</i>
<i>Lysimachia racemosa</i>
<i>Lysimachia racemosa</i>
<i>Lysimachia stricta</i> "Onondago Salt Springs"
<i>Samolus parviflorus</i>
<i>Samolus valerandi</i> "In Ashobey's Gap, near water."
<i>Samolus valerandi</i> "On rivers and near ponds, frequent"
<i>Hopea tinctoria</i> "Swamps"
<i>Trientalis americana</i> "From the top of the Alleghaney mount. in Pennsylvania. plentiful. sent one of these to Vahl. no. 30"
<i>Statice limonium</i> "At the first landing above New York in a meadow"
<i>Styrax americana</i> "Swamps"
<i>Styrax americana</i> var. <i>americana</i> Contemporary writing: Grown on the "Woodlands" estate (now Woodland cemetery, Philadelphia), where collected by F. Pursh about 1805.
<i>Styrax americana</i> var. <i>americana</i>
<i>Styrax grandifolium</i>

DESCRIPTION
<i>Styrax grandifolium</i> Contemporary writing: This rare plant was in Bartram's on 1850. This collector must have been near Phila.
<i>Halesia tetraptera</i> "Woods"
<i>Diospyros virginiana</i>
<i>Chionanthus virginicus</i>
<i>Chionanthus virginicus</i>
<i>Chionanthus virginicus</i>
<i>Chionanthus virginicus</i> "Natural Bridge, on the sides of the presipice [sic]"
<i>Chionanthus</i> sp.
<i>Chionanthus virginicus</i> "Swamps"
<i>Fraxinus acuminata</i> illegible writing in German
<i>Fraxinus epiptera</i>
<i>Fraxinus epiptera</i>
<i>Fraxinus americana</i>
<i>Fraxinus pennsylvanica</i> ? "Near Mr. Barton on the Opequon"
<i>Fraxinus</i> sp.
<i>Gelsemium nitidum</i>
<i>Gelsemium nitidum</i> "Swamps / Roanoke & S.Hampton, in great plenty in the Dismal Swamp"
<i>Spigelia marilandica</i>
<i>Polypremum</i> sp.

Stachys tenuifolia
Stachys tenuifolia "Among the thick herbage near the top of the peaks of Otter"
Stachys tenuifolia "Wet meadows & edges of rivulets / Along the Muddy Creek mountain"
Stachys sp. "My Journey of 1805 / June or July"
Teucrium canadense
Teucrium virginicum
Teucrium occidentale
Physalis sp.
Physalis pubescens "Sandy Shores / James river"
Trichostema dichotomum
Solanum carolinense "Common in the fields, rare in the mountains"

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Agalinis holmiana
Agalinis purpurea
Agalinis purpurea
Agalinis tenuifolia
Gerardia quercifolia "Dry woods"
Aureolaria pedicularia "Mount Parnel / Jun 21"
Aureolaria virginica
Tomanthera auriculata "In Drinker's field"
Buchnera americana
Castilleja coccinea
Castilleja coccinea "Frequent in wet meadows near Hughes Forge"
Castilleja coccinea "About 7 miles east of Seneca. Both. I saw but very little."
Castilleja coccinea "Between Falls of Niagara & _____, road side."
Chelone montana "On the highest Spring, under the naked Knob, near the summit of Salt Pond mountain"
Chelone glabra
Gratiola neglecta
Gratiola neglecta "In wet shady places, near Springs & runs"
Gratiola virginiana
Ilysanthes dubia

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Lindernia dubia "In sandy soil on the banks of creeks? & springs"
Mimulus alatus
Mimulus ringens "common"
Mimulus ringens "Wet soil near runs; frequent / foot of the peaks of the Otter"
Mimulus ringens "Collected near the seat of Jonathan Williams Esq. August 30th 1794."
Penstemon canescens "Common on slate? hills & every other woody situation"
Penstemon pentstemon "Borders of woods / Round hill near Winchester & several other places"
Penstemon pentstemon
Penstemon pentstemon
Unidentified specimen "After leaving Newton to Tyoga"
Tragiola pilosa "Swamps"
Verbascum blattaria "In a pasture below Dr. Clayborns Spring, Brunswick; with a specimen of V. blattaria collected on the same grounds."
Globifera umbrosa
Veronica americana
Veronica americana "Common"
Veronica catenata
Veronica catenata "Between Hagers-town [sic] & Chambersburgh [sic]"
Veronica officinalis "Dry woods; frequent"
Veronica peregrina

APS Collections on Deposit at ANSP

DESCRIPTION
Veronica scutellata "Near the City"
Veronica serpyllifolia "Common through the mountains, in shady wet & mossy places."
Veronica serpyllifolia "Common"
Veronica serpyllifolia "In the woods between Hagerstown & Mr. Hughes"
Veronicastrum virginicum "About 450 miles up the Red River, in a large prairie"
Leptandra virginica var. purpurea (TYPE) "Natural meadows & edges of woods"
Bignonia capreolata "woods near water & swamps / Roanoke & Southampton"
Epifagus virginiana
Unidentified specimen "Between _____ & _____" (illegible)
Orobanche uniflora "Shady woods; frequent"
Orobanche uniflora "One flowered Broom = rape?"
Orobanche virginiana "Shady beach wood"
Utricularia biflora
Utricularia cornuta "Falls of Niagara, August 17th, 1797. By myself"
Utricularia fibrosa
Utricularia macrorhiza
Utricularia macrorhiza "In a marsh, quite in the water, near Seneca, close to the Lake / August 11th, Friday"

DESCRIPTION
Utricularia radiata "No. 1. Diandria Monogynia - An aquatic plant - it grows in ponds of stagnant water it is enabled to float on the surface by means of the leaves which consist of a number of small vericles filled with air - it is not attached to the ground but has a long stem pendulum in the water - Clusters of Vericles containing air are placed along it at regular distances - No. 2. Pentandria _ Monogynia - No. 3. 4. 5. 6. 7. 8. 9. Are all species of the Ascelpias They are all milky plants except No. 6; the Aidescumbuns (?) - The milk of 8 & 9 has a sweet taste That of all the others is bitter; particularly No. 5. which from its sensible pros____ (?), I should judge to be extremely active plants - No. 10. - 14. Listing of various specimen names
Dianthera sp. "Pauls fort Creek"
Justicia pedunculosa "Water willow / Rivers. / Peaked mountain; & other rivers to the Roanoke"
Ruellia carolinensis
Ruellia carolinensis "Near the Natural Bridge in rich soil along fences; & in Greenbriar."
Ruellia purshiana (PAROTYPE)
Ruellia purshiana
Ruellia pallida
Ruellia sp. "Banks of the Conneocheague near Chambersburg / August 1"
Phryma leptostachya
Phryma leptostachya
Plantago virginica
Diodia virginiana

DESCRIPTION
Galium circaezans "This, Mr. Muhlenberg is confident, is Michaux's Galium circaezans, which he deems a good name; & Schaben's (?) Galium bracteatum."
Galium triflorum "Shady wet banks / On the run of Creek, in Cove mountain valley."
Galium concinnum "Shady woods & meadows"
Galium triflorum "South River of Shenandoah"
Galium triflorum "Shady woods"
Galium triflorum "Peaks of Otter"
Galium asprellum "Among strong herbage in the natural meadows / Cove mountain"
Galium triflorum "Connedogwinnet [sic]"
Galium paniculatum illegible writing
Galium circaezans "Mount Parnel. Jun. 21"
Galium pilosum "spider weed"
Galium tinctorium "Shady woods along River banks"
Galium tinctorium
Galium latifolium "Common in rich woods"
Galium latifolium "Rich woods, on the side of hills; frequent"
Galium concinnum
Galium latifolium
Galium circaezans

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Galium tinctorium</i>
<i>Galium asprellum</i>
<i>Galium asprellum</i> "Near Ridge Road. abundant. August 19th 1806. in full bloom"
<i>Galium boreale</i>
<i>Galium circaezans</i>
<i>Galium puncticulosum</i> "Common in woods"
<i>Galium purpureum</i> "This I suppose is the same <i>G.</i> purp."
<i>Galium triflorum</i>
<i>Galium triflorum</i>
<i>Galium triflorum</i>
<i>Cephalanthus occidentalis</i>
<i>Cephalanthus occidentalis</i>
<i>Cephalanthus occidentalis</i>
<i>Houstonia</i> sp.
<i>Houstonia</i> sp.
<i>Houstonia purpurea</i>
<i>Houstonia</i> sp. Parnel's Knob. Coll. by myself. July 5th 1805
<i>Houstonia</i> sp. "Mount Parnel, Jun. 21"
<i>Houstonia</i> sp. "On slate sand near Chambersburg; Jun. 13"

DESCRIPTION
Houstonia linnaei
Houstonia linnaei
Houstonia linnaei
Houstonia linnaei
Houstonia rotundifolia
Houstonia varians "all were in the vicinity of Baltimore, or about _____?"
Houstonia varians
Mitchella repens
Diervilla lutea
Diervilla lutea "Hedges / Potomack"
Lonicera canadensis "No. 18 / May / moist & shady places"
Lonicera dioica "Blossoms pale red / Leaves _____ all per foliata. See p. 5"
Lonicera sempervirens "Big Spring / Springfield"
Lonicera sempervirens
Lonicera sempervirens
Sambucus pubens "Black rocks, on the South mountain near Hagerstown"
Symphoricarpus sp.
Symphoria glomerata "Dry woods / Lexington"
Symphoricarpus vulgaris

DESCRIPTION
<i>Symphoricarpus vulgaris</i>
<i>Triosteum majus</i>
<i>Triosteum majus</i> "Taken in England, and by P. Muhlenberg, for <i>Thios. angustifolium</i> . Mr. Lyon. Collected in Maryland near Havre de Grace. June, 1805."
<i>Triosteum perfoliatum</i>
<i>Viburnum lentago</i> "Black___? near Staunton"
<i>Viburnum cordifolium</i> "The large plant which Mr. King calls a <i>Viburnum</i> , has he says, a flower like <i>Rhododendron</i> , & flowers in the end of May."
<i>Viburnum acerifolium</i> "Rocky places & high mountains / Common / Potomack"
<i>Viburnum</i> sp.
<i>Viburnum dentatum</i>
<i>Viburnum dentatum</i> ?
<i>Viburnum lantanoides</i> "Dark shades of the border of the Lake, on the Salt Pond mountain."
<i>Viburnum nudum</i> "Potomack"
<i>Viburnum lentago</i>
<i>Viburnum lentago</i>
<i>Viburnum lantanoides</i> "Height from 5 to 10 or 12 ft. Branches opposite and very slender - nearly horizontal - The Cyma of 5 parts universally - and circular - with large ___ flowers round the ___ perfectly white - Early in May"
<i>Viburnum nudum</i>

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Viburnum nudum "Wet woods"
Viburnum nudum
Viburnum spp. (various) "Tree Cranberry / Onondaga Lake"
Viburnum prunifolium
Viburnum nudum
Viburnum prunifolium
Xylosteum ciliatum
Valeriana sp.
Dipsacus sylvestris
Sicyos angulata? "Hedges / Potomack"
Sicyos angulata?
Campanula aparinoides ssp. uliginosa
Campanula aparinoides ssp. aparinoides "Near the City"
Campanula aparinoides Walkers meadows
Campanula acuminata "My Journey in 1805. June or July."
Campanula acuminata "Rich borders of meadows & woods. / Lexington, Natural Bridge, Sweet Springs, &c. / Greenbriar levels."
Campanula acuminata
Campanula divaricata "Shady rich woods on the side of high mountains. / Cove mountain, near Mr. F. Lewis's cole mine."

DESCRIPTION
Campanula rotundifolia "Glenns falls on the Mohock"
Lobelia cadinalis "Common throughout the mountains / Greenbriar."
Lobelia cadinalis
Lobelia inflata "Fields & roadsides / common / Greenbriar"
Lobelia inflata
Lobelia kalmii
Lobelia nutallii "Swamps"
Lobelia puberula "Meadows / Indian Creek near Union town"
Lobelia puberula "beautifull [sic] blue. / Fields & Meadows / frequent. / From the Sweet Springs to Southampton."
Lobelia glandulifera "Swampy woods / Greensville to Southampton"
Lobelia siphilitica
Lobelia spicata "All opposite Catskill Landing"
Lobelia spicata
Lobelia sp. "Open woods & dry pastures / common"
Lobelia spicata
Ambrosia trifida "Shady & wet woods"
Anaphalis margaritacea "Lake Ontario & Vermont Lake Champlain"
Artemisia vulgaris
Artemisia vulgaris

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Aster sp. "In a wood, near my place."
Aster diffusus
Aster limosus
Aster corymbosus "North mountain 1802"
Aster corymbosus
Aster conyzoides "North mountain 1802"
Aster conyzoides "Woods"
Aster conyzoides
Aster concolor "Common in woods / from Pittsylvania to Southampton"
Aster marylandicus
Aster amygdalinus "Rich woods & swampy soil. / Natural meadows."
Aster acuminatus
Aster acuminatus "In Shady stony places near the Lake of Salt pond mountain"
Aster ericoides "Swamps, Near Dr. Gray's, Southampton"
Aster ericoides
Aster ericoides
Aster ericoides
Aster patens
Aster patens "At northumberland"

DESCRIPTION
Aster patens
F. Spiranthes and Aster lateriflorus "All at Wilkes barre; both August"
Aster paternus
Aster undulatus
Aster undulatus
Aster grandiflorus
Aster hyssopifolius "Spongiuous woods & meadows; frequent"
Aster hyssopifolius "A few miles east of Baltimore / June 1805"
Aster infirmus
Aster infirmus
Aster lateriflorus
Aster mutabilis?
Aster paludosus
Aster pendulus
Aster phlogifolius "Observed a good deal of this aster in a field on the afford (?) road (wood?), not far from _____ October, 99."
Aster prenanthoides
Aster puniceus var. rigida
Aster recurvatus
Aster solidaginoides

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Aster solidagineus "Edges of Woods & along fences."
Aster sparsiflorus "leafs taste very salty / On the bridge (ridge?) of Suffolk"
Aster spectabilis
Aster spurius
Aster sp.
Aster tradescantii
Aster umbellatus "Common"
Aster vimineus
Baccharis halimifolia "Seethores(?); Common / This specimen is collected on the road through Greenville County"
Baccharis halimifolia
Bidens vulgata "Fields & meadows. Frequent / Rocky mount"
Bidens cernua "Runs & springs"
Cacalia atriplicifolia
Cacalia atriplicifolia Near Washington, June 1805"
Cacalia atriplicifolia
Cacalia atriplicifolia "Middle River of Shenandoah"
Chrysogonum virginianum
Chrysogonum virginianum
Chrysogonum virginianum

DESCRIPTION
Chrysogonum virginianum "Banks of rivulets & rich pastures; frequent"
Chrysogonum virginianum "Dry woods / Pittsylvania / flowering in ____?"
Cirsium muticum
Cirsium muticum "Rich woodland & meadows of the mountains; frequent."
Cirsium discolor
Cirsium repandum
Cirsium discolor "Canada thistle"
Cirsium discolor
Conyza marylandica "Barren fields near Creeks. frequent / from Halifax to Nansemond"
Bidens connata "Common in New York & Vermont"
Coreopsis major "Indian diaphoretis / The stalk & leaves in decortion."
Bidens sp.
Helianthus sp. "Brush & Gap mountains between Blacksburg & Salt pond mountain & other similar places."
Coreopsis verticillata "Maryland or Virginia, / My Journey, in June 1805"
Coreopsis verticillata "Near Madison's cave, South river."
Coreopsis major "Dry & wet woods. / Common through the mountains"
Coreopsis tripteris
Coreopsis verticillata
Critonia eupatorioides

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
Critonia eupatorioides "open dry woods. Greenbriar, Salt pond, Rocky Mount. / Keenys Knob"
Doronicum nudicaule
Doronicum nudicaule
Elephantopus carolinianus "Dry fields / Muhlenberg & S.Hampton"
Elephantopus scaber
Elephantopus sp. "In wet woody places / The first specimen seen at Pig River, Franklin Co., frequent in S.Hampton."
Sonchus sp. "Richweed of Virginia"
Erigeron bellidifolius
Erigeron nervosum?
Erigeron philadelphicus
Erigeron pulchellus "Connegocheague"
Erigeron sp. "Grassy hills / Potomack"
Erigeron serpentarius
Erigeron serpentarius "near the City"
Erigeron strigosum "Dry fields; frequent"
Erigeron strigosum "near Roxburg. Jul 4."
Eupatorium sp.
Eupatorium altissimum "Dry meadows & woods. / Rocky Mount"
Eupatorium ageratoides "Common in all the Woods of the Mountains"

DESCRIPTION
Eupatorium ageratoides
Eupatorium ageratoides "Dry fields"
Eupatorium bruneri
Eupatorium coelestinum "Banks of New River / frequent from those to S. Hampton"
Eupatorium coelestinum
Eupatorium sp.
Eupatorium foeniculaceum "Dog fennel / Mecklenburg & S. Hampton"
Eupatorium glandulosum
Eupatorium hyssopifolium "Dry fields"
Eupatorium sp. "Rich meadows & woods; frequent"
Eupatorium pubescens
Eupatorium sp.
Eupatorium rotundifolium
Eupatorium sessilifolium "On the rocks, coming from Reading, July 1805. a few mile from the town."
Eupatorium sessilifolium "Woods"
Eupatorium sessilifolium "Along the edges of woods / frequent / Muddy Creek"
Eupatorium trifoliatum
Eupatorium truncatum
Eupatorium verbenoefolium "Pine woods / Mecklenburg to S. Hampton"

DESCRIPTION
<i>Eupatorium verbenoefolium</i>
<i>Eupatorium verticillatum</i> "Rich meadow soil"
<i>Eupatorium verticillatum</i> "Wet rich meadows & along springs. Common in the mountains."
<i>Euthamia tenuifolia</i> (LECTOTYPE) "Pine barrens / near Dismal Swamp"
<i>Euthamia tenuifolia</i>
<i>Euthamia graminifolia</i> var. <i>nuttallii</i>
<i>Gnaphalium plantagineum</i>
<i>Gnaphalium plantagineum</i>
<i>Gnaphalium filago</i>
<i>Gnaphalium germanicum</i>
<i>Gnaphalium</i> sp.
<i>Helenium autumnale</i> "Woods & meadows. frequent."
<i>Helianthus altissimus</i>
<i>Helianthus angustifolius</i> "Swamps"
<i>Helianthus atrorubens</i> "Dry hills"
<i>Helianthus decapetalus</i>
<i>Helianthus divaricatus</i>
<i>Helianthus divaricatus</i> ?
<i>Helianthus frondosus</i> "Dry woods"

DESCRIPTION
Helianthus frondosus "Woods & sides of fields common through the mountains."
Helianthus hispidus [sic] "Natural meadows"
Helianthus sp.
Helianthus sp. "In Mr. Drinker's field."
Heliopsis helianthoides
Hieracium marianum
Hieracium paniculatum
Hieracium paniculatum "Shady woods. Common. Keenys Knob [sic]"
Hieracium scabrum
Hieracium sp. "differing from M. gronosii"
Krigia biflora
Inula graminifolia "Common in dry woods. from Pittsylvania to S. Hampton"
Inula mariana Dry woods & fields / Common"
Inula mariana Dry woods; Common"
Inula mariana
Inula mariana
Iva frutescens "On Suffolk bridge & Nansemond river"
Krigia virginica
Liatris squarrulosa

DESCRIPTION
<i>Liatris</i> sp.
<i>Liatris squarrulosa</i>
<i>Liatris squarrulosa</i>
<i>Liatris squarrulosa</i> ? "The specimens were taken from a plant which had been eaten off by cattle & Nansemond it grew up again."
<i>Liatris tomentosa</i> Sphagious meadows / S.Hampton near Dr. Grays"
<i>Liatris bellidifolia</i> ? "Spagnosis"
<i>Liatris macrostachya</i> "Dry mountain land"
<i>Liatris macrostachya</i> "Bottom snake root / Peaks of Otter"
<i>Liatris macrostachya</i>
<i>Liatris oppositifolia</i> (TYPE)
<i>Liatris pycnostachya</i>
<i>Liatris pycnostachya</i>
<i>Liatris spherioidea</i>
<i>Liatris squarrulosa</i> "Rich woodland / On the road from the Cove mountains to Greenbriar"
<i>Liatris squarrulosa</i>
<i>Packera</i> sp.
<i>Pluchea camphorata</i>
<i>Pluchea marylandica</i>
<i>Parthenium integrifolium</i> var. <i>auriculatum</i>

DESCRIPTION
Parthenium integrifolium var. henryanum
Parthenium integrifolium var. auriculatum "Barren fields / road sides; common"
Polymnia canadensis "Rich shady hills; frequent"
Polymnia canadensis
Polymnia sp. "Keenys Knobs / near the summit"
Pyrrhopappus carolinianus
Pyrrhopappus carolinianus "Dry pastures"
Rudbeckia chrysomela
Rudbeckia chrysomela "Wet meadows"
Rudbeckia digitata
Rudbeckia fulgida?
Rudbeckia hirta
Rudbeckia hirta
Rudbeckia laciniata? "Swampy woods"
Rudbeckia triloba "frequent in meadows"
Rudbeckia triloba "Woods"
Packera obovata
Packera obovata
Packera obovata?

APS Collections on Deposit at ANSP

Cataloged by Laura Igoe, Mary Grace Wahl, and Earle Spamer January-August 2010

DESCRIPTION
<i>Packera tomentosa</i>
<i>Senecio balsamitae</i> "Wet places; frequent"
<i>Senecio corymbosus</i> or <i>balsamitae</i> "Shady hills / Round hill near Winchester"
<i>Packera aurea</i>
Unidentified specimen Included is a paragraph description about the uses of the plants by local Indians, difficult to read.
<i>Silphium atropurpureum</i> "North mountain near McConnellsburg 16 miles from Chambersburg, Jul. 10"
<i>Silphium</i> sp.
<i>Silphium scabrum</i>
<i>Silphium terebinthinaceum</i> "in the ____ from the warm springs"
<i>Solidago rugosa</i> "Mountain land"
<i>Solidago rugosa</i>
<i>Solidago ulmifolia</i>
<i>Solidago altissima</i>
<i>Solidago ambigua</i>
<i>Solidago bicolor</i> "Common in woods"
<i>Solidago caesia</i> "in a wood near my place"
<i>Solidago arguta</i>
<i>Solidago arguta</i>
